Notice

This journal serves solely as a platform for academic exchange and publication. The views expressed in the published articles are those of the authors only and do not represent the stance of this journal.

The journal firmly opposes academic misconduct including plagiarism, data fabrication, and multiple submissions of the same manuscript. Authors take full responsibility for the authenticity, accuracy and reliability of their article contents.

This is an open-access journal. All published content is licensed under the CC BY-NC 4.0 Licence. Readers may freely access, read and share the work for non-commercial purposes, provided that clear attribution is given to the original author and source. No modifications of the work in any form are permitted.
